

## **St Edmunds Southwold : Faculty Application**

### **Renewal of Roof Covering over the Trinity Chapel**

It is proposed to replace life expired copper sheeting with new lead sheeting over the Trinity Chapel and organ at the east end of the north aisle.

In addition to the new roof covering it is proposed to install some improved drainage arrangements for rain water and to replace / repair any rotten timbers that might be found beneath the old copper sheets.

The PCC has applied for a faculty to approve these works. During the Coronavirus lockdown the Chancellor understands that people are not able to visit churches and do not have the opportunity to read notices on notice boards. Therefore the PCC must demonstrate efforts to communicate with church members , and the wider public, by including notices in parish magazines, on websites and by e mail.

If anyone wishes to observe the drawings they are available from our Architect Alan Greening 01502 722473. Any comments or objections can be sent to Rev Simon Pitcher 01502 725424

Any comments need to be received by 28<sup>th</sup> June 2020-05-28

A handwritten signature in blue ink, appearing to read 'Simon Pitcher', with a horizontal line underneath.
